WEIGHTS AND MEASURES DIRECTORY

This Directory contains a listing of the technical staff of all weights and measures jursidictions in the United States. This 1984 Edition includes 2,497 listings, more than double the number in last year's directory.

Each State was asked to provide a complete, updated list of the staff in all weights and measures offices throughout the State. The information received was entered into the National Conference on Weights and Measures computer data base. The names, addresses, and phone numbers have been thoroughly checked. However, due to reorganizations, retirements, and position changes implemented after this printing, some information may no longer be current. If a change, deletion, or addition is required, please send updated information to:

Ann P. Heffernan
Conference Coordinator
National Conference on Weights and Measures
P. O. Box 3137
Gaithersburg, MD 20878.

For convenience of use, State Directors are listed together in the first section of the Directory. They are also included in the State listings.
